## Work Continues to Relocate Second Water Line

Harrisonburg, VA – The City of Harrisonburg's Department of Public Utilities continues work in the area of the new Harrisonburg Department of Public Transportation (HDPT) facility construction project.

Earlier this week, an eight inch water line was relocated on the site of the HDPT construction project. A second, 16 inch water line will also need to be relocated as a part of the project.

On Thursday, October 17, city crews will work to assist with relocating the 16 inch water line at the HDPT facility.

**Residents on Tower Street, from Old Furnace Road to Kelley Street, should be prepared to be without water from 8:00 a.m. until 4:00 p.m. on Thursday, October 17. These customers should take measures to protect interior plumbing fixtures during and after the outage.**

Anyone with questions may call the Department of Public Utilities at 540-434-9959.

Updates to the HDPT project are always available at [www.HarrisonburgVA.gov/new-HDPT-facility](http://www.HarrisonburgVA.gov/new-HDPT-facility).

*The **Harrisonburg Department of Public Utilities** is responsible for providing water and sewer services to residences and businesses. The Department currently manages approximately 16,000 accounts. For more information about these functions of the city, visit [www.harrisonburgva.gov/public-utilities](http://www.harrisonburgva.gov/public-utilities).*
